The *Spooks* actor on fashion, grooming and style

**I'm a full-on metrosexual.** I've got more grooming products than my wife, Dervla [Kirwan]. I go to my facialist at least once a month for an oxygen treatment. I come out looking like I've been away on holiday even if I actually feel completely dreadful. People may think it's odd when men pay any attention to their appearance, but my skin isn't great with all the make-up I have to wear for my work.

**A man should always have a good watch.** My parents bought me a TAG Heuer for my 21st birthday and I've now invested in four of them. They are durable, strong and look great with suits and casual wear. I plan to buy one for my two-year-old son Peter when he's old enough to appreciate it.

**When I was a teenager, I was a mod and used to hang about in Carnaby Street.** I wore Sta-Prest trousers, parkas, bowling shoes and Fred Perry shirts, the lot. I was probably a bit of a fashion disaster back then, but we were all obsessed with the film *Quadrophenia*.

**I've never known a guy who could look as effortlessly stylish as Heath Ledger.** He was one of those people who could put on anything and look great. He got me into sunglasses. We were both in *The Four Feathers*, and we wore a different pair every day. We were filming in North Africa and he started wearing the local headscarves and jellabas, and even made those look cool. Even though he was ten years younger than me, I copied everything he wore.

**Belstaff wallet**  
I like to spend a bit of money on my wallet. This one is really high-quality leather. [belstaff.net](http://belstaff.net)

**Acqua di Parma Colonia Assoluta**  
Everyone comments about this. It has a lovely fresh smell. [acquadiparma.com](http://acquadiparma.com)

**Tumi luggage**  
Mine is the biggest case you can actually take into the cabin. [tumi.com](http://tumi.com)

**Tom Ford sunglasses**  
He creates such cool designs for glasses, and these ones have really classic styling.
