Take your wardrobe with you in the Tumi Townhouse Trunk

Feel limited by the humble suitcase? Maybe your ever-expanding wardrobe is more suited to something like the **Tumi Townhouse Trunk**.

Yes, this is effectively a wardrobe for the road, packing three pull-down drawers for folded clothes, shoes and accessories, along with a more traditional wardrobe area (with hangers) for your larger garments. All protected with a tough outer case.

You can carry it or wheel it - although whether you can afford it is a different matter. It sells for £5,475.

Find out more at the Tumi website
