## 3 TRAVEL CASES 20.06.2008

EVERY HOLIDAY SEASON IT'S ALL GETTING THE PERFECT BIKINI BODY AND THEN GETTING THE PERFECT OUTFITS FOR THAT PERFECT SIPPING-COCKTAILS-OUT-OF-COCONUTS-ON-THE-BEACH DAY.

But there's one thing that often gets neglected; luggage. You're ready for the holiday, you've bought some fabulous new outfits and you stuff them all into your hand-me-down falling apart suitcase? We think not.

This year has been all about the it-bag and if you want your luggage to make a statement take a look at our top three picks.

For the modern girl it's all about weekend breaks. And lots of them. Popping over to Paris, Prague and New York throughout the year for a touch of culture, partying and shopping the ideal carry case is chic but practical. Bric, currently one of the hottest names in luggage, bring us a very cute weekender (£185) and travel case (£245) in pretty lavender or bold turquoise.
